Mr. Lorenzo Cano  
DDi Milpitas Corporation  
1831 Tarob Court  
Milpitas, CA 95035-6825

Dear Mr. Cano:

RE: Extension of MIL-PRF-55110 Qualification, MIL-PRF-31032; VQE-11-023079

This is in reference to your MIL-PRF-55110 qualification. A QPL qualification extension of six months is granted while you complete your QML certification and qualification. Your new QPL-55110 listing is shown below.

Plant Location: SAME AS ABOVE. CAGE Code: 0SFV5

NEXT RETENTION REPORTING PERIOD	MATERIAL AND CLASSIFICATION	QPL TEST REFERENCE EXPIRATION DATE (MM/DD/YY)
February 1, 2010 through January 31, 2011	Type 3, GF material Type 3, GI material	55110-2131-121611#* 55110-2192-032012#*

These qualifications are valid through the expiration dates shown in the above table, provided that all requirements are met. All requirements of MIL-PRF-55110 and the QPL program are still in effect during this qualification extension. Additionally, you are not allowed to make product to MIL-PRF-31032 until you receive a QML-31032 notice of qualification letter.

If certification and qualification to MIL-PRF-31032 are not completed by the time of the new expiration, your company will have to requalify to MIL-PRF-55110 per the standard requalification procedure. If you have any questions, please contact Mr. Jeffrey Ciesla at 614-692-0624 or VQE.JC@dla.mil

Sincerely,

RAYMOND L. KOLONCHUK  
Chief  
Electronic Devices Branch
